

## SAFE AREA

### *CE marking and EAC Directive*

*Industrial electrical panels with CE marking for the European Union, compliant with the EAC Directive*

Our excellence in manufacturing safe zone switchgear is a pillar of safety and reliability in the industry. With advanced technology and attention to detail, we guarantee solutions for sensitive environments. We create industrial electrical panels with CE marking for the European Union, compliant with the EAC Directive, relating to the Eurasian Union, and cULus 508A certified for the USA and Canada.
